Executive Biographies

Chris Strammiello, Vice President, WW Marketing & General Manager - Desktop, Mobile & Cloud Solutions

Chris Strammiello directs the worldwide Marketing and Product organizations for the Nuance Imaging Business Unit. Under his leadership, the business unit has transformed from solely a desktop software focus to the document imaging industry's most complete product portfolio of desktop, enterprise and OEM offerings. Chris has played a strategic leadership role in the merger & acquisition and integration strategies behind Nuance adding eCopy, X-Solutions and Equitrac, as well as the extension of the Nuance imaging product portfolio to leverage emerging cloud and mobile technologies. Previously, Chris was Director of Product Management for Nuance's Productivity Division where he successfully drove growth and expansion of speech and imaging technologies. He came to Nuance in 2000 from Xerox Corporation where he held a variety of marketing and strategy positions. Chris holds a B.S. in Marketing from the University of Connecticut.
